

Dear Mr./Mrs.,

We would like to introduce to you “Future is Open” educational NGO which has been implementing educational projects in orphanages and special type schools in Armenia since 2004. Our main goal is to improve the educational level of the children in need. For more details about our organization, please, visit www.fio.am website. All these projects are being implemented by more than 60 young Armenian volunteers.

Dear Mr./Mrs.,

Through this letter we would like to introduce to you our “Pen Pals” project which is to be carried out for orphanages, special type schools and children in need.

We are starting above the mentioned project from October 1st, 2008 by making a connection between individuals/organizations and children in need. In the frames of this project each individual/organization may establish a mail correspondence with one child supporting him by encouraging and giving advice. We are convinced that each of us can have a unique role in changing one child’s life/future. We believe that the future of the children is open and each of them ought to have a worthy future. All the children have dreams. These are small dreams and each of us can become a child’s best friend by helping realize his/her dream.

For more details about “Pen Pals” project, please, visit www.penpals.fio.am website. We expect your sincere cooperation being in mail correspondence with one child.

Let us remember that these children need our advice and encouragement and these will inspire them to achieve and to do more.

Regards,
“Pen Pals” project working team
